2022
IMPACT REPORT

DEAR FRIENDS,

Thanks to all of your support, we have made it through yet another tough year. For many organizations and businesses, it was the economy causing their shortfall. For us at Lenawee Humane Society, it was loss, loss of life: people and animals that have had an extreme impact on our organization over the years.

Three board members, Mike Tobey, Millie Pruitt and Carol Greenwald, all passed away unexpectedly, but not before leaving their mark on Lenawee Humane Society. It was their years of dedication that helped inspire us to become a better organization.

We also lost two furry friends who inspired change in their own way. George, a diabetic cat, served as our office assistant for the past 8 years while Leo, a diabetic alert dog, served as a life-saving companion for his owner over the last 9 years. Both animals helped to redefine our mission and understanding of how pets and people truly can save each other.

It is in times of loss that we were forced to reflect on all the good that happened because of beautiful souls like Mike, Millie, Carol, George and Leo. We will be forever grateful for these friends who have made a huge impact on our organization and our community.

It is because of them that we have the courage and knowledge to save more lives; it is because of you that we have the ability to.

Forever grateful,

Marcie

2022 brought more special needs pets, pregnant mothers and unhealthy babies than we've seen in a long time, resulting in many fatal illnesses and untreatable diseases. Thankfully, every single lost soul experienced love and compassion before earning their wings.

DO YOU HAVE A PLAN FOR YOUR PETS?

We can help you make one when you include LHS in your planned giving or estate plans.

You'll become a member of our Spencer-Lowry Legacy Society and your pets will be eligible for our Guardianship Program in the unexpected event something happens to you.
